PURPOSE: To enhance neonatal clinician knowledge of up-to-date treatment regimens for fragile and sick newborns and their families. This conference will provide information on current evidence-based practices used in providing medical care to ill neonates. The sessions will focus on the medical, technical, legal, and ethical implications of managing the complex needs of neonatal patients. Participants in this conference will gain an enhanced knowledge of up-to-date treatment regimes for fragile and sick infants.

The **OBJECTIVES** for each presentation will be listed in the Conference program.

Information on NCC Coding for certification maintenance included on CANNP conference website.

This activity has been submitted to the North Carolina Nurses Association for approval to award contact hours. The North Carolina Nurses Association is accredited as an approver of nursing continuing professional development by the American Nurses Credentialing Center's Commission of Accreditation.
